BUILDING ACCESSORIES DIVISION

GIBRALTAR

BUILDING ACCESSORIES DIVISION

The Building Accessories Division has expanded to include a growing national footprint of companies specializing in manufacturing state of the art products within the residential and commercial space.

Our locations produce the industry's best residential rainware systems and components, roofing materials, ventilation products, trims and flashing and related accessories to ensure homes withstand the test of time.

Our products help end users create a more comfortable, livable and functional environment – both inside and outside. As a result, people can experience greater peace of mind and quality of life in their homes.

At the heart of the division is the need to remain curious and that curiosity drives our strategic focus to continue to be industry leaders and create value for the channels we serve.

SHFVBLN SHINGLEVENT II + NAILS

4 ft. Lengths · Ring Shank Nails
Included · 10 Pieces/Cartron
15 Cartons/Pallet · Black

The external wind baffle directs air-flow up and over the vent, creating an area of low pressure over the vent openings, pulling air out of the attic.

The external wind baffle is the first line of defense to deflect rain and snow over the vent, protecting the roof and attic from weather infiltration.

An internal weather filter is an additional layer to help trap snow before it can enter the attic, and it protects against dust and insect intrusion.

PPI/84731 PEAK PERFORMER I

12" Shingle-Over Rolled Ridge Vent
12 sq. in. NFA per linear ft. · 28 ft. roll

MBDVENTSK/53909

SKYHOOD - 3"-4" BATH VENT - COMPLETE INSTALLATION KIT

Easy, safe installation with pre-drilled holes and rounded corners. • Backdraft-blocking damper for efficient ventilation. • Fits 4" round ducts; kit includes adapter for 3" compatibility.

- Removable screen for dryer venting*.
- Ideal for bath and other exhaust needs.

1 Pieces/Carton • 68 Cartons/Pallet
Black

* For dryer applications, removing the vent screen is necessary to prevent lint buildup and reduce fire risk. Ensure regular vent cleaning and follow local codes or professional guidance. The Bath Vent Kit, Model# MBDVENTSK is not recommended for dryer venting. Flexible duct conforms to UL 181 Class 1 Air Connector/CUL S110 Requirements. The duct is not suitable for dryer venting.

NEED HELP WITH A SPECIAL BENDING PROJECT?

Gibraltar Building Accessories can make complicated bending projects easy with our CNC Metal Folding System located at our Hastings facility. We also have laser cutting capability in the Southeast, and all of our facilities can make your project to order.

Our folder can handle aluminum or galvanized material in a variety of colors and gauges. Highly accurate and repeatable bends are achievable utilizing the system's automatic back gauging, clamping and bending in lengths up to 12'.
